

## PRODUCT INFORMATION SHEET

# Safety Bleach

## NON CHLORINE BLEACHING POWDER

**Safety Bleach** is a white free flowing and highly soluble non chlorine bleaching compound, utilising oxygen as the primary bleaching source.

It's bleaching action is suitable for whites and coloureds and most fabric types.

### HOW TO USE:

Add with the main wash detergent to the hot wash cycle. Alternatively add to a separate bleach bath after completion of the wash cycle.

Temperature range for optimum results is 60°C to 80°C. Run for at least eight minutes while holding temperature.

Suitable for overnight soaking in hot or cold water. Simply add to water in a plastic container.

### HOW MUCH TO USE:

For soaking: Use approximately 75 grams for each 10 litres of water. Soak overnight then wash normally.

Washing / Bleaching. Use at the rate of 4 to 6 grams per kilo dry weight of linen.

### PACKAGING DETAILS:

4 kg pails and 25 kg bags.

### HEALTH AND SAFETY:

A **MSDS** is available on request.
